POSTGRADUATE EMPLOYMENT

Hospitals

**1. House Officer in Dental Surgery, University of Bristol Dental Hospital
4.7.1982 - 31.12.1982**

A rotational post in a busy dental teaching hospital providing a sound grounding in each of the major branches of dentistry

- It gave me experience in the diagnosis of acute dental and oro-facial conditions presenting via casualty and their subsequent treatment under local analgesia and chair-side GA.
- I attended major and minor oral surgery operating lists at Bristol Royal Infirmary.

**2. Resident House Officer in Oral Surgery, St. Bartholomew's Hospital, London
1.2.1983 - 31.7.1983**

Consultants: Mr BD Markwell, Mr MG Lawlor, Mr D Winstock.

A resident appointment in a busy London teaching hospital, involving a 1 in 3 "on-call" rota for maxillo-facial trauma.

- It provided me with much experience in minor oral surgery and in the assessment and treatment of medically compromised in-patients.
- There were 3 operating lists weekly and I was responsible for arranging these, in addition to the ward management of the patients admitted for them.

3. Resident Senior House Officer, Maxillo-Facial Unit, Royal West Sussex Hospital, Chichester and Southlands Hospital, Shoreham 1.9.1983 - 31.8.1984

Consultants: Mr J LI Williams, Mr J Vincent-Townend

A one year residential appointment spending a six month period in each of the Chichester and Worthing Health Districts, between which the Maxillo-Facial Unit of West Sussex is divided. My clinical workload was very varied:

- Chichester and Worthing are major accident centres and, by fulfilling a 1 in 2+ "on call" commitment to the Accident and Emergency department, I gained extensive experience in the diagnosis and management of all types of maxillo-facial trauma.
- I am well-acquainted with the diagnosis and management of malignant disease of the oro-facial region which was covered by the Unit in liaison with the Joint Clinics at the Radiotherapy Centre, St. Luke's Hospital, Guildford.
- I participated in the planning and surgery of maxillary and mandibular osteotomies.
- I was directly responsible for the ward management of the broad spectrum of in-patients admitted under my consultants' care.
- I was involved in 4 theatre lists and 4 out-patient sessions weekly, gaining wide experience in clinical diagnosis and treatment.

4. Resident Registrar in Oral Surgery (locum), Southampton General Hospital and Odstock Hospital, Salisbury
4.4.1985 – 26.4.1985 and 7.3.1986 – 23.3.1986
5. Clinical Assistant in Oral Surgery, Birmingham Dental Hospital
1988 - 2002
6. Speciality Dentist in Oral Surgery, Birmingham Dental Hospital
October 2008 – March 2009
7. Associate Specialist in Oral Surgery, Birmingham Dental Hospital
March 2009-present day

University

1. Clinical lecturer in Primary Care, Birmingham University
2002 – present day
2. Clinical lecturer in Clinical Practice, Birmingham University
2006 – present day
